

USER MAINTENANCE

Cleaning

Many household cleaners contain abrasives and chemical substances, and should not be used for cleaning plated or plastic fittings. These finishes should be cleaned with a mild washing up detergent or soap solution, and then wiped dry using a soft cloth.

SPECIFICATION - PRESSURES

Minimum maintained pressure: 0.1 bar (10 kPa) - Maximum maintained pressure: 5.0 bar (500 kPa)

CUSTOMER SERVICE

Guarantee

Your product has the benefit of our manufacture's guarantee which starts from date of purchase.

To activate this guarantee, please return your completed registration card, visit our website or free phone 0800 0731248 within 30 days of purchase (UK only).

Within the guarantee period we will resolve defects in materials or workmanship, free of charge, by replacing parts or product as we may choose.

This guarantee is in addition to your statutory rights and is subject to the following conditions:

The guarantee applies solely to the original installation under normal use and to the original purchaser only.

The product must be installed and maintained in accordance with the instructions given in this guide. Replacement under this guarantee does not extend the original expiry date. The guarantee on any replacement parts or product ends at the original expiry date.

The guarantee does not cover:

Non product faults (such as damage or performance issues arising from incorrect installation, improper use, inappropriate cleaning, lack of maintenance, build up of limescale, frost damage, corrosion, system debris or blocked filters) or where no fault has been found with the product.

Water or electrical supply, waste and isolation issues.

Compensation for loss of use of the product or consequential loss of any kind.

General wear and tear.

Accidental or wilful damage.

Products purchased ex-showroom display.

What to do if something goes wrong

If your product does not function correctly when you first use it, check that it is installed and commissioned in accordance with the instructions in this manual.

If this does not resolve the issue, contact us for help and advice.

Helpdesk Service

Our Customer Services Team is comprehensively trained and can offer help and advice, spare parts and accessories.

We will need you to have your model name or number and date of purchase.

Mira Showers Website

Heavy Commercial	✗
Healthcare	✗

INSTALLATION

Basin Monobloc

Water supplies shall be at reasonably balanced pressures from a common source (e.g. hot and cold supplies both from the same storage or both from a supply pipe). Where the fitting is supplied from unbalanced supplies (e.g. hot and cold supplies from separate sources) an **'Approved' single check valve** or some other no less effective backflow prevention device shall be fitted immediately upstream of both hot and cold water inlets.
