

Stainless Steel Non Concussive Wall Mounted Tap

Push tap used as a water economy device which operates for a period of time and then closes automatically

Introduction

Inta's range of wall and basin mounted push taps are designed for use with the Intamix range of thermostatic mixing valves. With manual operation the tap functions for a period of time and then closes automatically. This operation makes the tap ideal for use in unsupervised areas such as sports changing rooms and washrooms. It is also perfect for use as a water economy device. The simple operation of the push tap enables users with limited mobility to use the facility.

- ▀ Robust Stainless Steel Construction - Grade 316L
- ▀ Closes Automatically
- ▀ Water Saving Device
- ▀ Simple Non Concussive Operation
- ▀ Highly Resistant to Harsh Chemical or Cleaning Agents
- ▀ Complies with BS-EN816
- ▀ Ideal For Heavy Use Environments

Product Range

Description	Code
Stainless Steel Self Closing Wall Mounted Push Button Tap (Single)	NC113SS

Stainless Steel Non Concussive Wall Mounted Tap

Technical Specification

Max Inlet Pressure	6 Bar
Min Inlet Pressure	1 Bar
Max Inlet Temperature	65°C
Timed flow (standard)	15 seconds at 3 bar
Connection	1/2"
